1. Introductory Matters

- (a) The Tournament Competition Committee (TCC) will be made up of five people. Two from the Bingham & Amanda Mark Cup Organising Committee (BCOC) and three from International Gay Rugby (IGR). The IGR Tournament Liaison Committee (TLC) will choose the IGR representatives.
- (b) Any three members of the TCC, with a minimum of one representative from the BCOC, can make a ruling on the Tournament Rules.
- (c) All reasonable efforts need to be made to include the full TCC on any ruling regarding tournament structure, loss of competition points or match forfeiture.
- (d) Any matters not addressed in these rules are governed by the laws and regulations of World Rugby or FIR or will otherwise be dealt with by the TCC and the Judiciary which shall consist of the TCC and a single Judicial Officer appointed by the BCOC are responsible for these rules.
- (e) The BCOC will appoint a Tournament Director.
- (f) Interpretation of these rules is the responsibility of the TCC.
- (g) Captains Meeting and Team Designate
 - (1) A Captains Meeting will be held prior to the first day of competition.
 - (2) At that time the captain may designate a member of their team to represent the team to the organizers.
 - (3) The team designate will be responsible for liaising between the team and the organizers.
 - (4) Team members other than the team captain or their designate may not represent the team with the organizers.

2. Player Rosters and Eligibility

2.1 Eligibility

- (a) IGR believes that the best interests of the Bingham & Amanda Mark Cup and the development of IGR member clubs are achieved by having the tournament contested by players who are committed and integrated members of their registered clubs. Thus, IGR requires that players meet the requirements of these rules as to their support for IGR's mission, their standing, and their affiliation with their registered clubs.
- (b) A player must support IGR's mission and the mission of their registered club.
- (c) To avoid any doubt, a player may have any sexual orientation; in other words, IGR does not restrict participation based on a player's sexual orientation, whether gay, straight, bisexual, or otherwise.
- (d) A player must be in good standing with the national union of their registered club. An unaffiliated player or player registered with the Worldwide Barbarians or similar sides must be in good standing with their home national union. If a player is subject to any sanction from their home union (either their home national union or home regional/provincial union) that prohibits them from

playing matches, the player is similarly prohibited from playing matches in the Bingham & Amanda Mark Cup.

- (e) Clubs can apply to amalgamate players to form one team, subject to approval prior to the tournament. All players must have a demonstrable affiliation with one of the clubs amalgamating.
- (f) All teams participating in the men's rugby competition must hold membership of IGR, all teams participating in the top (Bingham Cup) tier must hold voting membership of IGR.
- (g) Teams participating in the Amanda Mark Cup do not need to hold IGR membership but must support the aims and values of IGR

2.2 Bingham & Amanda Mark 2024 Gender Participation Policy

With the introduction of Gender Participation Policies in some member countries it falls on the Bingham & Amanda Mark 2024 Tournament Liaison Committee and Organising Committee to clarify the position and rules that surround the participation of Transgender, Non-Binary and Gender Fluid participants.

Bingham & Amanda Mark Cup Rome 2024 has published its intention to be the most inclusive tournament to date, with all players welcome no matter their gender identity. The Federation of Italian Rugby has no Gender Participation Policy, therefore it has no restrictions on the game other than what the World Rugby Laws place on it. For background in this case, the 2 vital points are that:

- Rugby is a gendered game with a Men's and Women's category, this is recognised by all Unions and the International Olympic Committee.
- Players at the elite level of the women's game must compete in the category of their gender at birth. ie Transgender Women and Non-Binary persons registered as male at birth cannot compete in the Women's elite game.
- As point 2 is not relevant to the level of competition at the tournament, it can be ignored. Point 1 does require reflection as it will have implications for the tournament participants.
- With over 20 countries represented in the tournament there is a need to standardise the participation to ensure clarity for club organising committees and enjoyment of participants.

Eligibility Rules

Where Transgender and Non-Binary participation is allowed by your home union, the rules and regulations of your union must be followed to ensure you comply with your own ability to tour. This is to protect your home club and to be covered by your own nations insurance policies.

It will be the responsibility of the registering team to ensure all policies are publicised and followed, to best of their knowledge.

Where Participation Policies have been brought in by a union, preventing a players participation, The Bingham & Amanda Mark Cup TLC will accept individual player registrations. If there is a desire to play with a specific team and this has been discussed with them in advance of the tournament, then please identify this. Please contact [DL-TLC-](#)

BinghamCup@igrugby.org and veronica.alfaro@igrugby.org for support in full confidence.

If there is no affiliation to a club, either before or after a policy, and a player is registering as a Barbarian then they will need to provide details of playing history and level to establish safety criteria.

Anyone wishing to register for a Barbarians team should be aware they will be potentially playing alongside and against gender diverse individuals, under the tournaments mission statement to provide rugby to all gender identities.

Players can only be registered to play for one team in one competition, players cannot be registered to play in both the Men's and Women's competitions. This is in keeping with the rules set on every player to only be registered for one team.

All questions on this will be handled by the Chair of the Bingham & Amanda Mark TLC, World Women's Rep where appropriate and Chair of the Bingham & Amanda Mark Cup Organising Committee.

2.3 Demonstrable Affiliation

A player must have a demonstrable affiliation with the club they are playing with. Demonstrable affiliation can be shown:

- By having played 5 matches with their club in the past 2 years if participating in the Bingham Tier. If playing in another tier then they must have played 2 matches with their club in the past 2 years.
- Based on the circumstances of their relationship with their club
- Clubs wishing to field players who do not meet the requirement noted above (rule 2.2(a)) must make applications for approval by 31/03/2024 via email to DL-TLC-BinghamCup@igrugby.org
- A player registered with a composite team consisting of players from two or more clubs, other than the Worldwide Barbarians, must still demonstrate their affiliation to their home club.

2.4 Documentation and Proof

- A player must provide, on request, government-issued photo identification, such as a passport or driver's license.
- Clubs are required to submit the following team rosters to the TLC (see Appendix 2 for sample team roster format):
 - preliminary team rosters by 11/02/2024
 - final team rosters by 26/04/2024 (Final Team Roster)
- Changes to team rosters between 27/04/2024 and the Captains Meeting will only be allowed in extraordinary circumstances (ex. injury, changing personal circumstances, team amalgamation).
- The team rosters must confirm all players' standing with their home union by providing confirmation of their registration and standing with their home union.
- The team roster must declare the basis of all players' affiliation to their registered club as follows:
 - a player who has played at least 5 or 2 matches for their registered club in the current or previous season may merely declare they have done so.
 -
 - a player who has played fewer than 5 or 2 matches for their registered club must

provide details of the qualifying matches on which their demonstrable affiliation is based.

-
- a player who relies solely on other circumstances to demonstrate their affiliation must have sought approval from the TLC prior to submission of the team rosters.

2.5 Rulings on Eligibility

- (h) Once the tournament has commenced the TCC has sole responsibility for determining a player's eligibility.
- (i) Prior to the tournament a club may make a written request to the TLC for the review of the eligibility of one of its players it proposes to include in its tournament roster.
- (j) The TLC has the responsibility for determining a player eligibility and must consider the following matters:
 - (1) the eligibility of any player who relies on circumstances other than prescribed qualifying matches to demonstrate their affiliation under rule 2.2(a) above.
 - (2) on request of their registered club, the eligibility of any other player.
- (k) The TCC or TLC must rule on these matters before the first match of the tournament commences. If the TCC or TLC fails to do so, the players concerned are deemed to be eligible to play for their registered club.
- (l) Once the tournament commences, the TCC must rule on any challenges to any player's eligibility under rule 2.6.

2.6 Player Allocations and Transfers

- (m) A player may not play for more than one team during the tournament, subject to the exceptions herein.
- (n) Under no circumstances shall a team have more than 25 players available to it over the course of the tournament (ie, a team starting with a 25-player roster will be ineligible to receive any additional player, a team starting with a 24-player roster will only be eligible to receive one additional player, etc). Teams may request additional players if they require front-row players following an injury to their original squad. Clubs that have multiple teams will be expected to request their own players unless there are extenuating circumstances. All such requests must be made to the TCC.
- (o) Unless expressly allowed by the TCC, once a player has been assigned to a team and/or submitted on a team final roster at the Captain's Meeting they may play only for that team until it is eliminated from competition.
- (p) Prior to the tournament, players registered with one club who wish to play for another club must check in prior to play with the TCC and will be assigned to teams in need of and who have requested players. After tournament play begins, a player whose team has been eliminated from competition may check in with the TCC and request an assignment to a team in need of and who has requested players.

- (q) A player for a club entering more than one side in the tournament may only play for the team for which they are registered, or for which they first play. That is, as an example, once they have played and/or registered for their club's first XV, they may not play for their club's second XV.
- (r) Should it be needed due to injuries or player welfare a club may request additional players from a team within the same tier or below. The TCC must be informed of this, and they may choose to cap the number of players transferred.
- (s) Requests for exceptions to the rules of this section due to extenuating circumstances may be made to the TCC.
- (t) No player may transfer teams except in compliance with these rules. Any team found fielding a player not properly assigned to that team will be subject to the sanctions in rule 2.7.
- (u) All allocations of additional players will be based on the availability of unaffiliated players, team needs (including the team's number of available front row players), the level of competition and player's skill level, and IGR policy. Player requests for team assignments may be considered but will not bind the TCC. All decisions of the TCC regarding player allocation and assignment will be in the TCC's sole and absolute discretion and not subject to review.

2.7 Challenges to Eligibility

- (v) A challenge to a player's eligibility must be made in the following way:
 - (1) A challenge may only be made by:
 - IGR member clubs or other clubs authorized to compete in the tournament.
 - IGR trustees or regional representatives.
 - any other people by IGR to lodge challenges.
 - (2) A challenge must:
 - be in writing (handwritten note, email, electronic message or similar);
 - be delivered to a member of the TCC, Tournament Director or other person authorized by IGR to receive challenges in accordance with any notified arrangements for the lodging of challenges.
 - set out the basis of the challenge.
 - for challenges made by clubs, confirm the challenge is authorized to be made on behalf of the club.
 - be made in good faith.
 - (3) A challenge should be timely and, to the extent possible, should be made before the tournament or relevant matches.

- (4) In any event, a challenge about the eligibility of a player to play in a particular match cannot be made after one hour from the completion of the final match played on that day of the tournament; any such challenge is invalid.
- (w) The TCC must allow the opportunities to address the complaint as follows:
- (1) The player and registered club must be given a reasonable opportunity to address the player's eligibility.
 - (2) The player and registered club may be required to provide specific evidence about a player's eligibility.
 - (3) The person making the challenge has no right to comment, other by way of the original written challenge.
 - (4) Any comment and evidence must be received within the following timeframes (or such other period as the TCC allows):
 - for pre-tournament challenges, 24 hours.
 - for challenges during the tournament, one hour.
 - If comment or evidence is not received within these timeframes, the TCC may rule on a player's eligibility in the absence of such comment or evidence.
- (x) The TCC must rule on any challenge as soon as practicable.
- (y) If a challenge has not been determined by the following timeframes, the player may compete in the tournament without any sanction until the TCC determines the challenge:
- (1) for pre-tournament challenges, when the first match of the tournament commences.
- (z) for challenges during the tournament, within one hour of the provision of comment and evidence by the player or registered club. The TCC must give written notice (handwritten note, email, electronic message, or similar) of its ruling.
- (aa) Any ruling, including any sanctions, is final and binding and there is no right of appeal or review.

2.8 Sanctions for Breaching Eligibility Rules

- (bb) The TCC has sole responsibility for determining any sanctions for breaches of eligibility rules.
- (cc) If a player is ruled ineligible, the TCC may, at its discretion, apply any of the following sanctions to the player or the registered club they played for:
- (1) For the player:
 - banned from playing for the registered club during the tournament (they may be assigned by the TCC to other clubs).

- disqualification from the tournament.
- (2) For the registered club:
- deduction of 2 competition points for every match the ineligible player has played for the club.
 - forfeiture of matches involving the ineligible player.
 - in the event of tied standings or matches, fielding an ineligible player may be used to determine the registered club's rankings (in accordance with rule 4(b)(1)).
- (dd) To avoid doubt, sanctions may be applied to the player and/or registered club.

3. Match Structure and Considerations

- (a) Timing
- (1) Matches will consist of two 20-minute halves with a 5-minute half time.
 - (2) The tournament final match in each division will consist of two 30-minute halves with a five-minute halftime.
 - (3) Injury time will only be played in knock-out games.
- (b) All matches will kick off on time.
- (c) Any team unprepared to play or not present, when a match is due to kick off, will be given a 5-minute grace period. If a team is still unprepared to play or is not present at the end of that 5-minute period, the missing team will forfeit the match. A match forfeited by one team will result in a score of 20 – 0 (4 tries) being awarded to the team present and ready to play. If both teams are unprepared to play or not present at kick-off time, both teams will forfeit the match. A double forfeit will result in a score of 0 for both teams.
- (d) Exceptions for extenuating circumstances may be granted by the TCC.

4. Scoring and Tournament Structure

- (a) Match points in pool play will be awarded as follows:
- | | | |
|----------------------------|---|---------------|
| • Win | = | 4 |
| • Tie | = | 2 |
| • Scoring 4 tries or more | = | 1 bonus point |
| • Loss by 7 points or less | = | 1 bonus point |
| • Loss/Forfeit | = | 0 |
- (b) If, at the completion of the pool phase, two or more teams are level on match points, then the following criteria shall be used in the following order until one of the teams can be determined as the higher ranked:

- (1) If a team has fielded an ineligible player during the tournament, the other team shall be the higher ranked.
 - (2) The winner of the match in which the two tied teams played each other (if they were in the same pool) shall be higher ranked.
 - (3) The team which has the greatest difference between points scored for and points scored against in pool matches shall be the higher ranked.
 - (4) The team which has the greatest difference between tries scored for and tries scored against in pool matches shall be the higher ranked.
 - (5) The team which has scored the most points in pool matches shall be the higher ranked.
 - (6) The team which has scored the most tries in pool matches shall be the higher ranked.
 - (7) The team which wins a coin toss shall be the higher ranked.
- (c) If at the completion of any semi-finals and any other knock-out game, the two teams are on level scores:
- (1) If at the end of regular time, the teams are tied, there will two additional 5-minute periods of extra time, separated by a 2-minute break.
 - (2) If a Team has fielded an ineligible player during the tournament, the other Team shall be declared the winner.
 - (3) The Team which has the best difference between points scored for and points scored against in all its matches shall be declared the winner.
 - (4) The Team which has the best difference between tries-scored-for and tries-scored-against in all its matches shall be declared the winner.

- (d) If at the completion of any Division finals (Cup, Plate, Bowl, Shield, etc.), the two teams are on level scores:
- (1) If at the end of regular time, the teams are tied, there will be two additional 5-minute periods of extra time, separated by a 2-minute break.
 - (2) If the teams are still tied at the end of extra time, then they will enter a sudden death round. The teams will play up to 2 additional 5-minute periods with the first points scored by either team ending the game.
 - (3) If at this time the teams are still tied with no additional score then the following will apply:
 - Bingham Tier – Kicking Competition to determine the winner as set out by World Rugby Laws (See Appendix)

- Hoagland Tier – King Competition to determine the winner as set out by World Rugby Laws (See Appendix)
- Amanda Mark Cup- Kicking Competition to determine the winner as set out by World Rugby Laws (See Appendix)
- Any other Tiers – the Prize will be shared

5. Player Numbers

- (a) A team must have no less than 14 players on the pitch at the commencement of the match. Teams may request the TCC assign draft players prior to the match to replace injured players, but in no instance may a team roster exceed 25 total players over the course of the entire tournament, except as detailed in section two.
- (b) If a team is unable to field 14 players before the kick-off of a match, they will forfeit the match.
- (c) Requests for exceptions to the rules of this section due to extenuating circumstances may be made to the TCC.

6. Scrum Safety

- (a) On the Final Team Roster (see 2.3) teams must identify the players within their squad who are "suitably trained and experienced" players to play in the front row.
- (b) Law 3.8 of the World Rugby Laws of the Game requires the following number of "suitably trained and experienced" front row players at the commencement of every match:
 - 15 or less = 3 front row players
 - 16-18 = 4 front row players
 - 19 or more = 5 front row players

- (c) If a team at the commencement of the tournament is unable to satisfy Rule 6(b) and cannot contest scrums, they must make this clear in their team sheet submission and note that they may be requested in any match to compete with 14 players.

The team in a match that is able to contest the scrum may request the other team to play with 14 players for the duration of the game. Teams will be required to declare at the beginning of the tournament if they apply the penalty which will apply throughout the duration of the tournament.

The penalty requiring a club to play with 14 players will only be applicable in matches where the team able to contest scrums from the start of the tournament can field their own front row at the start of the match, as marked on their original team roster.

- (d) The TCC may exempt a team from Rule 6(b) or, if available, allocate the team a "suitably trained and experienced" front row draft player(s) prior to the start of the tournament.

- (e) If at the commencement of a game or during a match, due to sending off or injury, a team cannot provide enough suitably trained and experienced front row players, the team or referee is required to request uncontested scrums. The team concerned shall not be entitled to replace the player whose departure caused the uncontested scrum. A team may request the TCC to allocate the team a suitably trained and experienced front row draft player(s).
- (f) The referee may, in his/her/their sole discretion, instruct the teams to play the gamewith uncontested scrums.

Note on front row replacements:

If a front-row player is temporarily suspended, and the team cannot continue with contested scrums with players already on the field, then the team nominates another player to leave the playing area to enable an available front row player to come on. The nominated player may not return until the period of suspension ends, or to act as a replacement.

If a front-row player is sent off, and the team cannot continue with contested scrums with players already on the field, then the team nominates another player to leave the playing area to enable an available front-row player to come on. The nominated player may act as a replacement.

7. Substitutions

- (a) A team may make up to 8 substitutes per match.
- (b) Substitutions may only be made after a dead ball has occurred.
- (c) If a player is substituted,
 - (1) In the Bingham & Hoagland Tiers that player must not return and play in that match, unless to replace an injured player.
 - (2) In all other Tiers rolling subs are allowed with agreement from both team captains where the Referee is informed prior to kick off.
- (d) The replacement of a front row forward must come from suitably trained and experienced players who started the match or from the nominated replacements.
- (e) Temporary Substitutions:
 - (1) When a player leaves the field to have bleeding controlled and/or have an open wound covered, that player may be temporarily replaced. If the player who has been temporarily replaced does not return to the field of play within 15 minutes (actual time) of leaving the playing area, the replacement becomes permanent, and the replaced player must not return to the field of play.
 - (2) A player may be permanently replaced if injured. If the player is permanently replaced, that player must not return and play in that match.
 - (3) The referee may determine, with or without the advice of a doctor or other medically qualified person, that a player is so injured that the player should stop playing and must leave the field of play. The referee may also order an injured player to leave the field to be medically examined. In this event, the player's team may send in a temporary or permanent substitute as allowed by these rules.

- (4) If a temporary replacement is injured, that player may also be replaced.
- (5) Relevant Headcase guidance must be followed in the event of suspected concussion or another head injury - [LINK](#)
- (f) A player sent off for foul play must not be replaced or substituted.
- (g) If the temporary replacement is sent off for foul play, the replaced player may not return to the field of play.
- (h) If the temporary replacement is cautioned and temporarily suspended, the replaced player may not return to the field of play until after the period of suspension.

8. Home Team Designation

- (a) All scheduled matches will have a “home team” designated prior to play.
- (b) The team that travelled the least distance will be designated the “home team.”

- (b) The Head Referee and Tournament Director, on behalf of the BCOC, will oversee scheduling and approving the referees for the tournament.

Appendix 3 – Gender Participation Policy

With the introduction of Gender Participation Policies in some member countries it falls on the Bingham 2024 Tournament Liaison Committee and Organising Committee to clarify the position and rules that surround the participation of Transgender, Non-Binary and Gender Fluid participants.

Bingham Cup Rome 2024 has published its intention to be the most inclusive Bingham to date, with all players welcome no matter their gender identity. The Federation of Italian Rugby has no Gender Participation Policy, therefore it has no restrictions on the game other than what the World Rugby Laws place on it. For background in this case, the 2 vital points are that:

- Rugby is a gendered game with a Men's and Women's category, this is recognised by all Unions and the International Olympic Committee.
- Players at the elite level of the women's game must compete in the category of their gender at birth. Transgender Women and Non-Binary persons registered as male at birth cannot compete in the Women's elite game.

As point 2 is not relevant to the level of competition at the Bingham Cup, it can be ignored. Point 1 does require reflection as it will have implications for the tournament participants.

With over 20 countries represented in the tournament there is a need to standardise the participation to ensure clarity for club organising committees and enjoyment of participants.

If there is a desire to play with a specific team and this has been discussed with them in advance of the tournament, then please identify this. - If there is no affiliation to a club, either before or after a policy, and a player is registering as a Barbarian then they will need to provide details of playing history and level to establish safety criteria.

- Players can only be registered to play for one team in one competition, players cannot be registered to play in both the Men's and Women's competitions. This is in keeping with the rules set on every player to only be registered for one team.

All questions on this will be handled by the Chair of the Bingham TLC, World Women's Rep where appropriate and Chair of the Bingham Organising Committee.
